*Participants must attend TWO WORKSHOP SESSIONS to receive professional development (PD) points. Partial credit will not be given.

2021 WORKSHOP SESSIONS

High School...We're Back!*

9-12 Focused. Have you explored the new High School section of the Virginia Career VIEW site? Here is your opportunity to learn about this newly designed career development section for grades 9-12. Virginia Career VIEW's high school resources are back and better than ever! Discover how to navigate our grades 9-12 new website to access career assessments and identify resources that meet college and career planning goals. Resources correspond to Virginia School Counseling Standards and the Profile of a Graduate. Learn how to access tools that support multiple paths toward college and career readiness including opportunities for internships, externships, and credentialing.

*This presentation was given during the 2020 workshop series and due to its popularity, it is being offered again this year.

Lesson Plans & Lattes*

K-8 Focused. Join us for a latte and career lessons! In this session, we will share ready-to-use career lesson plans for grades K-8! Whether you are working with students virtually or in-person, these lesson plans combine VIEW resources, web resources, videos, activities, games, and more. Bring your own latte!

*This presentation was given during the 2020 workshop series, and due to its popularity, it is being offered again this year.

Lunch & Learn: All the New at VIEW!

K-12 Focused. Virginia Career VIEW has many new and revamped resources to share! Some examples of these resources include weekly and monthly career activities, new career information, updated printables, revamped toolkits, and resources to involve parents in the career development process. Discover how VIEW is working to maximize the student, parent, and YOUR career development experience! Enjoy your lunch at home or in the office while learning about all the new things we have at VIEW.

Virginia Career VIEW ... EXPLORE. EDUCATE. ENGAGE.
